

MIC1 SERIES CAMERA RANGES

Product Codes	Description	EURO (€)
MIC1-400	Integrated fully functional PTZ camera with day/night camera module and telemetry receiver. Rated to IP68, aluminium casing with corrosion resistant coating	4 345 €
MIC1-400U	Integrated fully functional PTZ camera with day/night camera module and telemetry receiver. Rated to IP68, aluminium casing with corrosion resistant coating and enhanced pressure resistant seals suitable for underwater operation up to 30 meters	8 155 €
MIC1-400S	Integrated fully functional PTZ camera with day/night camera module and telemetry receiver. Rated to IP68, grade 316 corrosion resistant stainless steel casing	9 785 €
MIC1-400T	Integrated fully functional PTZ camera with day/night camera module and telemetry receiver. Rated to IP68, grade 316 corrosion resistant stainless steel casing and enhanced pressure resistant seals suitable for underwater operation up to 30 meters	11 145 €
MIC1-401	Static version of the MIC1-400 with day/night camera module. Rated to IP68, aluminium casing with corrosion resistant coating	3 190 €
MIC1-406	Integrated fully functional PTZ camera with day/night camera module and telemetry receiver. Rated to IP68, grade 316 corrosion resistant stainless steel casing. Up-rated ballistic resistant viewing window	10 225 €
MIC1-411	Integrated fully functional PTZ camera with day/night camera module and telemetry receiver plus thermal Image camera. Rated to IP67. Human detection range for thermal imager >1000m	43 355 €
MIC1-412	Integrated fully functional PTZ camera with day/night camera module and telemetry receiver plus thermal Image camera. Rated to IP67. Human detection range for thermal imager >780m	24 165 €

	High refresh rate thermal camera option (requires US export license)	25 615 €
MIC1-440	ExD rated Integrated day/night camera unit PTZ and telemetry receiver to IP68 (ATEX certified)	10 875 €

MIC1 SERIES CAMERA FUNCTIONALITY OPTIONS

Product Codes	Description	EURO (€)
400-500	NTSC camera option to replace PAL version	0 €
400-501	External wiper option for aluminium cameras	385 €
400-501S	External wiper option for stainless steel cameras	630 €
400-502	Privacy card	725 €
400-516	Twin IR illuminators for upright camera	1 210 €
400-516D	Twin IR illuminators for inverted camera	1 210 €
400-530	Twin loudspeakers (amplifier required)	580 €
300-066	Heater option (MIC1-400 models only)	255 €
400-520	Bespoke, non-standard colour for aluminium cameras (standard colour options are black-RAL9005, grey-RAL7001 and white-RAL9003)	POA

300-201	Telemetry control card for Mic1-401	535 €
EX1000 Module	36:1 zoom camera module to replace standard 18:1 version	905 €
400-055	Enhanced ballistic resistant viewing window (replacement part for MIC1-406 camera)	385 €

MIC1 SERIES CABLE OPTIONS

Product Codes	Description	EURO (€)
750-02	2m composite cable with plug for power, data & video	84 €
750-10	10m composite cable with plug for power, data & video	110 €
750-20	20m composite cable with plug for power, data & video	145 €
750-25	25m composite cable with plug for power, data & video	162 €

MIC1 SERIES MOUNTING ACCESSORIES

Product Codes	Description	EURO (€)
200-301	Shallow Conduit Adapter for 4" PCD Base	80 €
200-302	Deep Conduit Adapter for 4" PCD Base	130 €

225	Mic1 Series Wall Bracket	205 €
227	Corner Bracket	160 €
200-007	Washer Nozzle Mounting Bracket for 4" PCD Base	30 €
200-008	Washer Nozzle Mounting Bracket for Wall Bracket	30 €
OS-GEN-08	Washer Nozzle	8 €

MIC1 SERIES POWER SUPPLY UNITS

Product Codes	Description	EURO (€)
703-240	240V AC input power supply unit including interface for Mic1 series cameras	212 €
703-115	115V AC input power supply unit including interface for Mic1 series cameras	212 €
702-024	24V AC input power supply unit including interface for Mic1 series cameras	212 €
702-012	12V DC input power supply unit including interface for Mic1 series cameras	273 €
714-240	240V AC input "slimline" power supply unit including interface for Mic1 series cameras	316 €

714-115	115V AC input "slimline" power supply unit including interface for Mic1 series cameras	316 €
706-240	240V AC input power supply unit with washer & 4-input alarm – suitable for twin infrared camera versions	560 €
706-110	115V AC input power supply unit with washer & 4-input alarm – suitable for twin infrared camera versions	260 €
706-012	12V DC input power supply unit with washer & 4-input alarm – suitable for twin infrared camera versions	635 €
705-200	Washer pump drive card	100 €
700-208	8 input alarm card (includes washer drive)	160 €

MIC1 SERIES REMOTE KEYBOARDS

Product Codes	Description	EURO (€)
501	Keyboard controller with 3-axis joystick for 1 camera	1 015 €
516	Keyboard controller with 3-axis joystick for 1 to 16 cameras	1 359 €
516-208	Keyboard 8 input alarm card	73 €
500-200	Single camera keyboard (PCB only)	362 €
